DEPARTMENT OF ENGLISH

Report of Language Survey

Academic Year 2023-24

As language serves as a powerful tool, reflecting cultural nuances, societal norms, and individual choices, understanding how people navigate the vast landscape of language enables us to unravel fascinating insights into communication dynamics.

The department of English conducted a language survey of parents and pupils about their use of language. It aimed to study the patterns, preferences, and cultural influences that define the linguistic tapestry of Igatpuri town. 20 students of the department visited Take-Ghoti village on 22 January, 2023 and collected samples of language survey.

From the analysis of this survey, it was found that most of the people prefer their mother tongue as a medium of communication. They realise the importance of English language. There is a need to start a programme of 'Basics of English' to develop their language skills.

No. of students participated: 20

No. of interviewee - 60

Outcome:-

Students got aware of their linguistic preferences of the nearby villagers. Students also learned the skills of conducting a survey. They also got the experience of use of knowledge at field level. Moreover, the survey helped in strengthening a bond between the college and the society.

Recommendations:-

There is a need to start a programme of 'Basics of English' to develop their language skills.
