**7.1.3 Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)**

- Solid waste management
- Liquid waste management
- Biomedical waste management
- E-waste management
- Waste recycling system
- Hazardous chemicals and radioactive waste management

**Solid Waste Management:** -In Our College Campus, we have a reserved place to dump the non-hazardous solid waste like papers, waste food, Plant litters etc. This Solid waste degraded by the soil micro-flora like decomposer which turns out later into eco-friendly bio fertilizer. Later, this fertilizer used for the plants growing in our college campus.

**Liquid Waste Management:** - We have a separate drainage system for the liquid waste.

**E-Waste Management:** -The Department of Computer Science in collaboration with the Private agencies (I.T.I College, Nashik) had MoU to Process the E-Waste properly.

**Hazardous chemicals and radioactive waste management-** The Chemistry department process the Hazardous chemicals and make it less hazardous by the proper treatment.
