Green Campus Initiatives

Our college is dedicated to encouraging sustainable and environmentally friendly activities on campus through a variety of green programs. These activities aim to promote environmental ethics in students and staff while also developing environmental awareness.

The key green campus initiatives include:

1. Restricted entry of automobiles:

No Vehicle Entry

As per the order from the management Student's vehicles shall be allowed only up to the designated parking area. Without wearing the helmet Entry beyond that point is strictly prohibited. Students must park their two-wheelers in the designated parking lot. It is strictly prohibited for any student to bring four-wheelers inside campus.

- It is the responsibility of the security guards to limit the entry of automobiles after a certain point (the Academic block) within the campus.
- There are separate parking spaces for two-wheelers and four-wheelers on the college grounds.

2. Use of Bicycles/ Battery powered vehicles

Vehicle parking is offered at the main entrance of the college campus. Vehicle parking is available at the college's main entrance. With a few exceptions, the campus is vehicle-free, so students and staff feel comfortable walking through the pedestrian-friendly pathways. The internal roads are lined with trees they are properly maintained.

3. Pedestrian Friendly pathways:

Our institution has banned the usage of plastic on campus. This campaign attempts to reduce plastic waste and promote environmentally friendly alternatives.

4. Ban on use of Plastic:

Our institution has banned the usage of plastic on campus. This campaign attempts to reduce plastic waste and promote environmentally friendly alternatives.

5. Landscaping with trees and plants:

The campus environment is a critical component of our green Endeavour. We focused on tree and plant landscaping to create a visually pleasing and environmentally friendly atmosphere. These green spaces not only add aesthetic appeal but also assist control runoff, recharge groundwater, and purify and cool the air on campus.
